

SSH-Diagnostic Meeting 2022: Final programme

Wednesday June 22, 2022

Time	Auditorium	Time	Forum
9:00	Chairs: Lukas Graf & Bernhard Gerber Anticoagulation / Thrombophilia Influence of anticoagulants on hemostasis tests Walter Wuillemin, Luzern	9:00	Chairs: Elisabeth Oppliger & Ulrike Bacher Introduction on genetics and flow cytometry Genetics: focusing on MRD analysis in ALL Presentation on various technical approaches, interpretation of result and impact on follow up Beat Schaefer, Zürich
09:30	Pros & cons: Thrombophilia testing: Still a place for it? What are the perspectives? - Pros Lars Asmis, Zürich - Cons Jan-Dirk Studt, Zürich	09:45	Flow: focusing on diagnosis of mature B-cell neoplasms (basic flow cytometry) Presentation of diagnostic algorithm to discriminate between different B-cell lymphoma entities and Flow examples of typical immunophenotypic patterns (e.g. CLL, MCL, HCL etc.) Jan Dirks, Basel
10:30	Coffee break and exhibition		
11:00	Chairs: Lorenzo Alberio & Maria Martinez Global hemostasis assays and perioperative hemostasis Dynamics in hemostasis markers in the peri-interventional and peri-operative (ICU) setting Wolfgang Korte, St. Gallen	11:00	Chair: Jacqueline Schoumans & Jan Dirks Keynote lecture Molecular Characterization and Residual Disease Monitoring of Acute Myeloid Leukemia Peter Valk Head of Molecular Diagnostics Department of Hematology at the Erasmus Medical Center in Rotterdam the Netherlands
11:30	Use of the platelet function tests in cardiovascular patients Pierre Fontana, Genève		
12:00	Interactions between plasma factors and blood cells affect thrombin generation Mark Roest, Maastricht, Netherlands	12:00	Case presentation from USB Jan Dirks, Basel
12:30	Lunch break and exhibition		
13:30	Chairs: Johanna Anna Kremer Hovinga & Alessandro Casini Genetics in diagnosis of hemostasis disorders Keynote lecture (virtual) Genetics for thrombocytopathies and thrombocytopenias José M. Bastida Bermejo Service of Hematology, University Hospital of Salamanca, Spain	13:30	Chairs: Corinne Widmer & Mathias Hauri Case presentation from CHUV Francesco Ceppi, Lausanne
14:30	Genetics in coagulation factors deficiency, inhibitors and fibrinolysis Marguerite Neerman-Arbez, Genève	14:00	Case presentation from KSA Paula Fernandez, Aarau
		14:30	Case presentation from Insel Ulrike Bacher, Bern
15:00	Coffee break and exhibition		
15:30	Chairs: Markus G. Manz & Sabine Gerull SSH Review of the EHA Meeting 2022 Benign Hematology Sabine Gerull, Aarau Hemostasis Jan-Dirk Studt, Zürich Acute leukemia Steffen Böttcher, Zürich Chronic myeloid neoplasms (including MDS) Alicia Rovó, Bern Lymphoid neoplasms, including plasmacell myeloma Christoph Driessen, St. Gallen Stem cell transplantation and cellular therapy Caroline Arber, Lausanne		
15:55			
16:20			
16:45			
17:10			
17:35			
18:00	End of the first day Apéro		

SSH-Diagnostic Meeting 2022: Final programme

Thursday June 23, 2022

Time	Auditorium
09:00	Plenary session Chair: André Tichelli Plenary session with complex cases in morphology, flow cytometry, genetics and hemostasis Case discussion: Sabine Blum (Lausanne), Jacqueline Schoumans (Lausanne), Yara Banz (Bern) Case discussion: Alicia Rovó (Bern), Jan-Dirk Studt (Zurich), Matthias Pollak (Bern), Yara Banz (Bern), Naomi Porret (Bern) Case discussion: Ulrike Bacher (Bern), Jan Dirks (Basel), Yara Banz (Bern), Naomi Porret (Bern)
09:30	
10:00	
10:30	Coffee break and exhibition
11:00	Microscopy course Chair: Alicia Rovó Keynote lecture The diagnostic challenges of monocytosis António Almeida HLUZ, Lisboa, Portugal Chair: Dorothea Friess Case presentation from Kantonsspital Winterthur Jeroen Goede, Winterthur 
12:00	
12:30	Lunch break and exhibition
13:30	Microscopy course Chair: Sabine Blum Case presentation from HUG Kaveh Samii, Genève Chair: Jeroen Goede Quiz, questions on hematology and morphology Alicia Rovó, Bern Chair: Leda Leoncini Case presentation from USB Corinne Widmer (Basel), Thomas Menter (Basel) Chair: Ulrike Bacher Case presentation from KSSG Thomas Lehmann (St. Gallen), Yara Banz (Bern)
14:00	
14:45	
15:15	
15:45	End of the SSH-Diagnostic Meeting
